AUREUS MBBS U.S. PATHWAY

# STUDY MBBS IN USA

Become a Globally Licensed Medical Professional

## PROGRAMS OFFERED

Aureus University School of Medicine offers the 5-Year MBBS Program designed for high school graduates needing a foundational year in basic sciences. It aims to equip students with comprehensive medical knowledge and practical skills, preparing them for successful careers in medicine.

### First Year

Start your MBBS pathway with Apollo, where you'll complete your first year in Pre-Medical and Basic Sciences, building a strong academic foundation.

### Second & Third year

Continue the next two years at Aureus University, deepening your medical knowledge while simultaneously preparing for the USMLE exam.

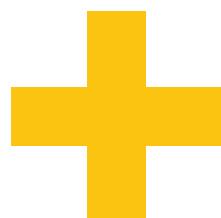

### Last 2 years

In the final phase, gain hands-on experience with two years of clinical training at USA setting you on the path to a successful global medical career.

## BEYOND ACADEMICS

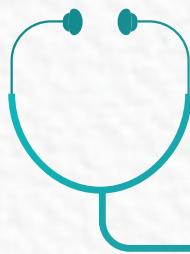

Life at Aureus University transcends the classroom walls, offering a kaleidoscope of campus activities that cater to a range of interests and enhance the overall student experience.

## THE AUREUS ADVANTAGE

## Testimonials

# Healing Experiences

As a recent graduate of Aureus University, I am grateful for the invaluable mentorship, dedicated faculty, and unwavering support that guided me through the challenges of medical school. Aureus has truly shaped me into a compassionate and confident healthcare professional."

**HANA WAHAB** Class of 2024

Attending Aureus University has been a transformative journey. With dedicated faculty, strong academics, and hands-on clinical training, I've grown into confident and compassionate professional. The supportive community and collaborative spirit make Aureus an ideal place to learn and excel.

**FATHIMA SHAIK** Class of 2024
